

Safety Through Technology

Custom Mass Notification Solutions for Commercial and Industrial Spaces

Safer Workplaces Every Day and During Emergencies

CareHawk communication platforms meet the needs of any facility with intelligible two-way intercom and priority-based paging as the foundation.

- ✓ Routine and emergency priority-based paging
- ✓ Page-all and custom zone paging
- ✓ Two-way intercom
- ✓ Automated visual and audible pre-recorded alerts

Tailored to Your Unique Needs

Flexible by design; trigger tones and pre-recorded messages from inputs like:

- ✓ Machine sensors (e.g., Machine start-up, low materials, and machine alerts)
- ✓ Security systems integration (e.g., Video surveillance)
- ✓ Access control (e.g., Intercom and door release)
- ✓ Emergency push buttons (e.g., Emergency shutdown/lockdown)
- ✓ Leak and hazard detection (e.g., Monitored spill or gas detection)
- ✓ Your custom integration

Messages are Seen and Heard

A network of messaging displays with integrated strobes ensures your routine and emergency messages are received, even in the noisiest environments.

New Install or Retrofit

Do you have an aging system?

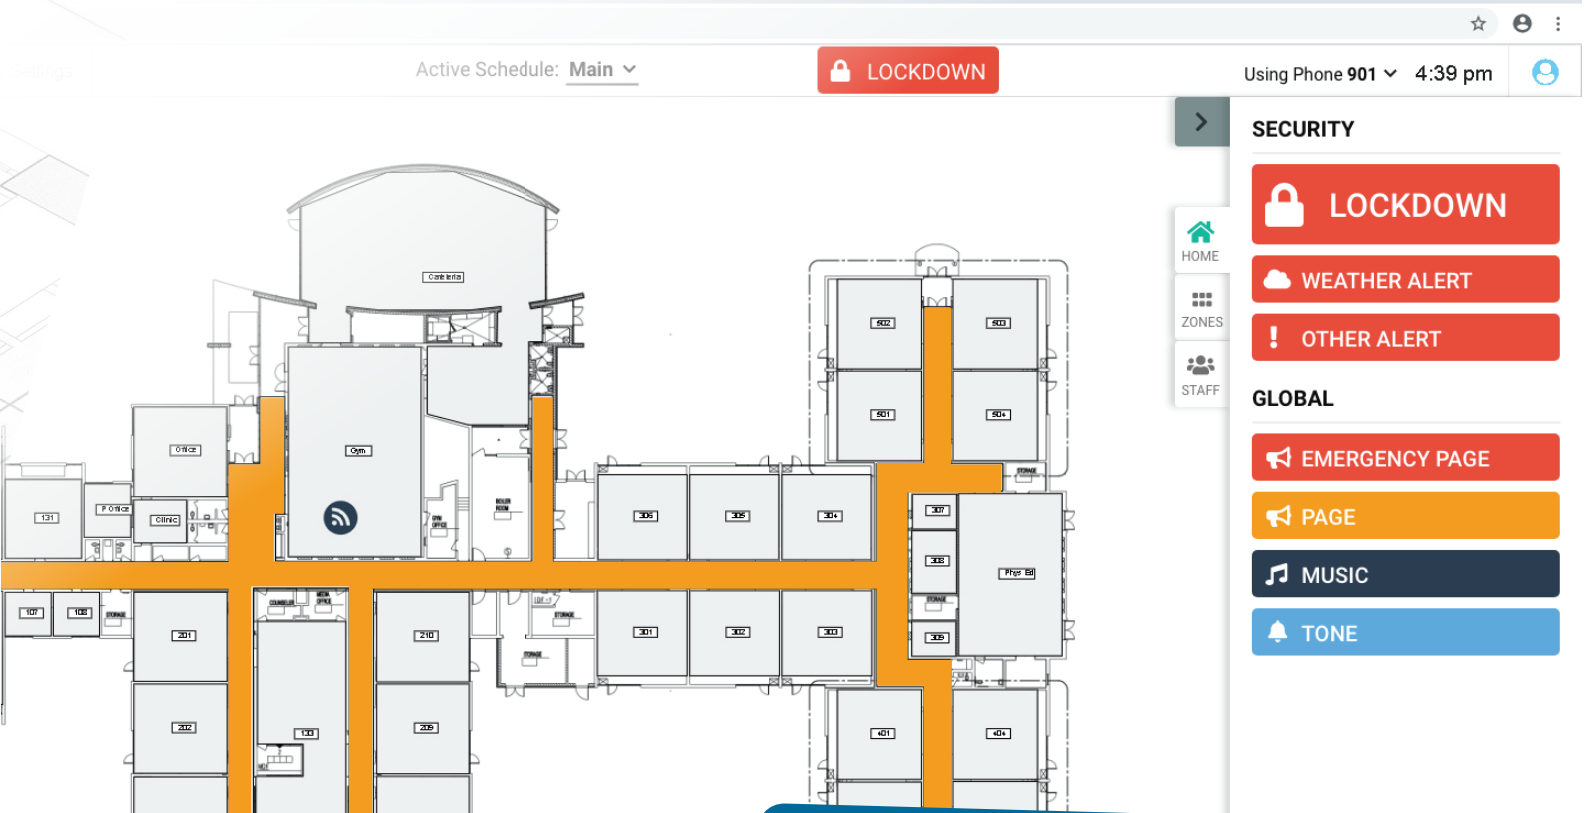

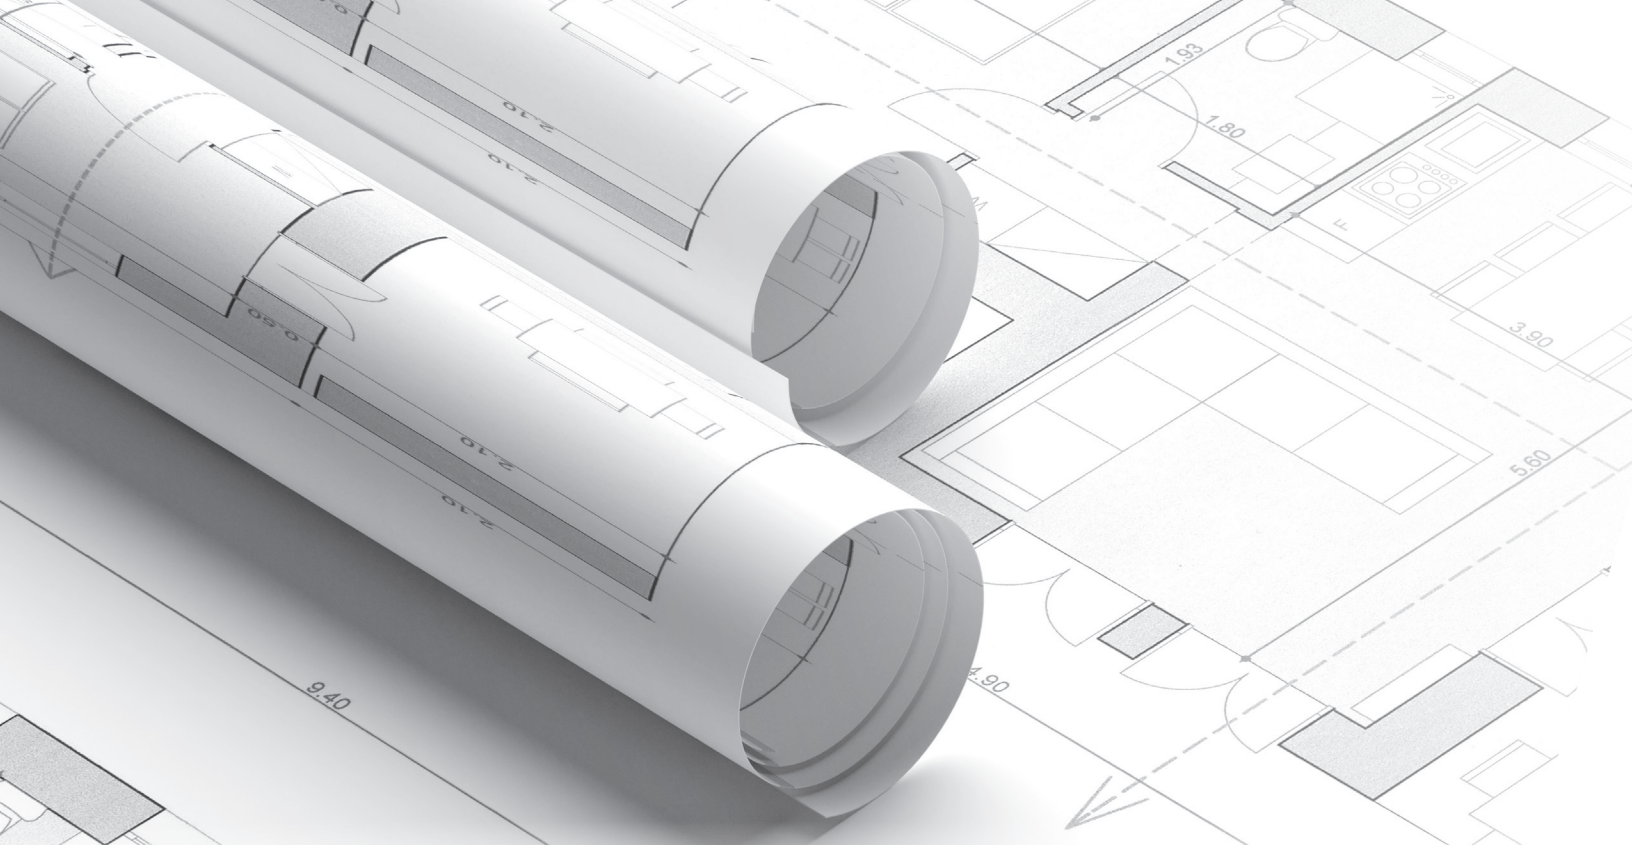

We can work with your existing infrastructure, like cabling and analog speakers, to bring your facility into the 21st century!

Need an analog solution?

Our hybrid/analog solutions have stood the test of time. You can still enjoy a modern user experience, even if your infrastructure is maturing.

Looking to Go IP?

Great! Our IP solutions are perfect for your new installation or for facilities with more advanced network capabilities.

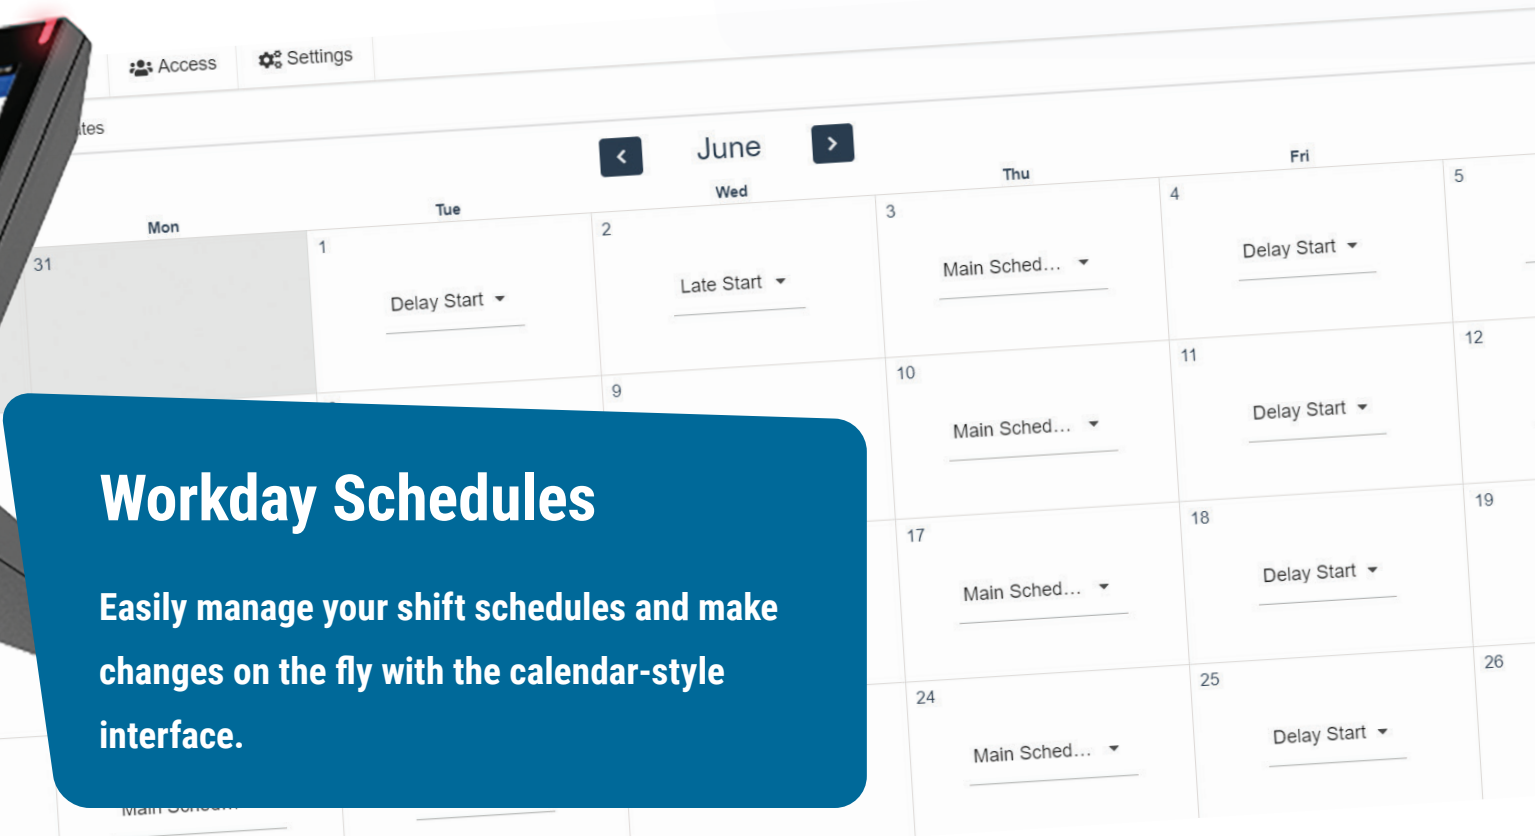

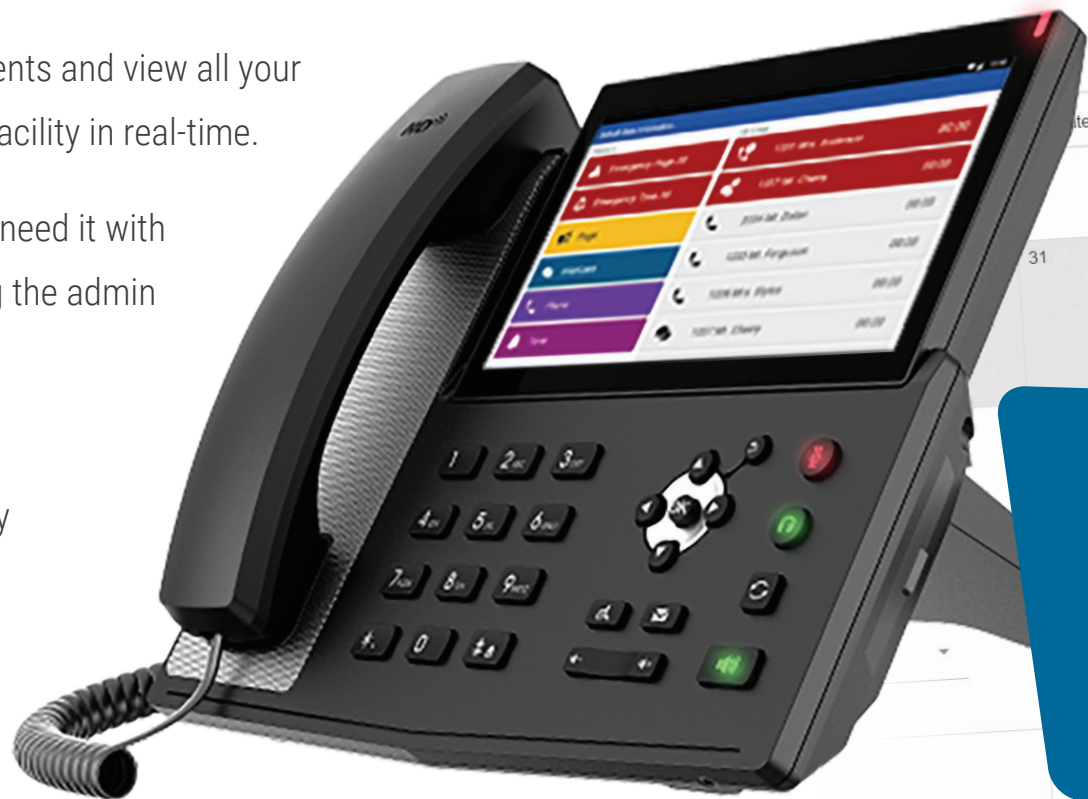

Your Facility Floor Plan as an Interactive Dashboard

Real-Time Feedback
Stay informed with priority-based visual feedback directly on your facility floor plan.

Automate routine tones and announcements and view all your communications on a floor plan of your facility in real-time.

Announce your message only where you need it with custom or on-the-fly zone selection using the admin phone or PC-based MapAssist software.

Synchronize your facilities' clocks and messaging displays and keep your facility running on schedule.

Workday Schedules
Easily manage your shift schedules and make changes on the fly with the calendar-style interface.

Trusted by Industries of All Types

As a testament to CareHawk platform flexibility, we serve a variety of industries.

- ✓ Warehousing
- ✓ Food Processing
- ✓ Military
- ✓ Airports
